

1. POLICY STATEMENT

To enhance the safety of the University campus for students, faculty, staff and visitors, the University prohibits the operation, storage, and charging of Personal Electric Vehicles anywhere on the University’s main campus.

2. SCOPE

This Policy applies to all University of Notre Dame students, faculty, staff and visitors.

This Policy does not apply to Exempt PEVs as defined in Section 3 below.

E-bicycles used to commute to campus must be operated in traditional, pedal-only mode, without any electric assistance, while on campus. Neither e-bicycles nor their batteries may be charged on campus or brought into any University building. E-bicycles used for commuting must be registered with the Notre Dame Police Department (NDPD) and must clearly display the registration tag provided by NDPD.

3. DEFINITIONS

Personal Electric Vehicle (PEV)

Any personal transportation device that is powered by (i) an electric motor, (ii) an internal combustion engine, and/or (iii) a removable and/or integrated battery that is capable of powering the device, with or without human propulsion. This includes, but is not limited to, e-bicycles, e-scooters, e-skateboards, e-hoverboards, go-karts, and any removable or integrated PEV battery.

Exempt PEVs

Exempt PEVs include traditional motorized vehicles, including but not limited to automobiles, motorcycles, mopeds and authorized golf carts; and personal transportation devices, such as electric wheelchairs and powerchairs, that are needed and being used as personal assistive mobility devices for those who would otherwise have difficulty moving about campus.
